

# AOCR / TRC 2024 / 2024

The Precision of Radiology

22-25 MAR.

**PLACE**

Taipei International Convention Center (TICC), Taipei, Taiwan

## Thyroid RFA Lectures

Date: 2024. 03. 23 (sat) 10:30 ~ 12:00  
Venue: 201 ABC (Seminar-room 272 Seats)

CHAIR 1	Wei-Che Lin <i>Kaohsiung Chang Gung Memorial Hospital, Taiwan</i>	CHAIR 2	Jung Hwan Baek <i>Asan Medical Center, Korea</i>
TIME	TOPIC		SPEAKER
10:30-10:50	Overview of thyroid RFA in technique and instrument		<b>Dr. Stefano Spiezia</b> Chief of Endocrine and Ultrasound guided Surgery Operative unit at Ospedale del Mare   ASLNA1 Centro Naples, Italy
10:50-11:10	Longterm FU results of thyroid RFA		<b>Dr. Jung Hwan Baek</b> Asan Medical Center, Korea
11:10-11:30	Multidisciplinary strategy for recurrent thyroid cancer		<b>Dr. Giovanni Mauri</b> University of Milan, Italy
11:30-11:50	Thermal ablation for low risk thyroid cancer: How far we are now?		<b>Dr. Wei-Che Lin</b> Kaohsiung Chang Gung Memorial Hospital, Taiwan

## Thyroid RFA Hands-On Workshop

Date: 2024. 03. 23 (sat) 13:20 ~ 16:00  
Venue: 201 ABC (Seminar-room 272 Seats)

The Thyroid Ablation Hands-On Training Program is a comprehensive course designed to enhance medical professionals' skills in thyroid procedures. The training focuses on appropriately selected patients with thyroid nodules, tumors, or functional abnormalities. The curriculum covers thyroid anatomy, providing in-depth insights into the structures and adjacent tissues to ensure the safety and efficacy of the procedure. The program also delves into advanced instruments required for the procedure, including ultrasound guidance and energy devices, enabling participants to proficiently apply them in real surgical scenarios.

TIME	TOPIC	SPEAKER
13:20-13:30	Opening	<b>Dr. Wei-Che Lin</b> Kaohsiung Chang Gung Memorial Hospital, Taiwan
13:30-13:50	Current Guideline of thyroid thermal ablation	<b>Dr. Chia-Yin Lu</b> Kaohsiung Chang Gung Memorial Hospital, Taiwan
13:50-14:10	Anatomy of thyroid and parathyroid glands	<b>Dr. Jung Hwan Baek</b> Asan Medical Center, Korea
14:10-14:30	Technique and instrument of thyroid thermal ablation	<b>Dr. Stefano Spiezia</b> Chief of Endocrine and Ultrasound guided Surgery Operative unit at Ospedale del Mare   ASLNA1 Centro Naples, Italy
14:30-14:50	Complication and their management of thyroid thermal ablation	<b>Dr. Giovanni Mauri</b> University of Milan, Italy
15:00-16:00	Hands-On Session	<b>Dr. Cheng-Kang Wang, An-Ni Lin, Pi-Ling Chiang, Chih-Ying Lee</b> Kaohsiung Chang Gung Memorial Hospital, Taiwan

\* The detailed schedule for the hands-on workshop is currently under development and is anticipated to be finalized shortly. If you are interested in participating in this workshop, please reach out to the congress secretariat office for more information. [office@rsroc.org.tw](mailto:office@rsroc.org.tw)
